Focus on the Media Ministry

Mostly working "behind the scenes", the Media Ministry is responsible for providing professional sound, lighting, and video projection to enhance worship services and special events through the use of technology. In addition, our video department records our worship services and makes them available for everyone to view on the internet. Media team members work closely with the Music Ministry to prepare for our weekly services and to make sure everything runs smoothly on Sunday mornings.

Mr. Brian Callahan is the director of the Media Ministry, and if you are interested in joining the media team, visit with them upstairs in the control room. The Media Ministry is part of the Department of Church Communications.
